

DELTA CLIMATE RESEARCH

UI/UX VISUAL STRUCTURE & CONTENT ARCHITECTURE

1. GLOBAL NAVIGATION (THE MENU)

Concept: A minimal, high-contrast bar. On scroll, it becomes a semi-transparent blur (Glassmorphism).

[LOGO] ABOUT . PROJECTS . WHITE PAPERS . MEDNI [DATABANK]

- **Interactive State:** Hovering over "Medni" triggers a subtle glow or a shifting pixel-grid animation.
- **Mobile View:** A full-screen overlay with large serif typography and the fluid generative background active behind the links.

2. ABOUT US (THE MISSION)

Layout: Split Screen (60/40). Text on the left, an interactive 3D climate visualization (Field.blue style) on the right.

- **Headline:** "Navigating the Systems of a Changing Planet."
- **Copy Block:** High-density sans-serif text explaining the boutique consultancy model—bridging climate science, urban heat research, and industrial strategy.

3. PROJECTS (CASE STUDIES)

Layout: Horizontal Scroll or Large-Scale Grid. Each project uses a high-res cover image (e.g., satellite imagery or architectural renders) that desaturates on hover.

PROJECT 01: Project Kolkata // Urban Heat Mitigation
PROJECT 02: Mangrove Blue Carbon // Biochar Sequestration
PROJECT 03: Sustainable Materials Trading // UAE-India Corridor

4. WHITE PAPERS (THE FEED)

Layout: The Dark Matter Labs "Feed" style. Dense rows of text-based intelligence.

- **UI Detail:** Each entry features a "Node" icon. Clicking the icon expands an abstract map showing how the paper connects to other research areas (e.g., Policy, Tech, Finance).
- **Download UI:** A sleek [PDF] button that shows the file size and version number (e.g., v1.4.2).

5. MEDNI (INTERACTIVE DATA BANK)

Layout: Full-screen Dashboard Interface. This is the "Product" highlight.

- **Visuals:** Dark mode map interface with data overlays (heatmaps, carbon sinks).
- **Functionality:** A side drawer for hyper-local sustainability advice. It uses monospaced technical font to represent "Live AI Processing."
- **Call to Action:** "Access Planetary Insights" button in a sharp, cyan-bordered box.
